Fundraising in USD? Make sure you have everything you need - including a bank you can rely on.

Bank Account

SVB can open bank accounts for entities from Latin America without a US physical presence. Bank accounts are needed to make payments to US-based service providers, receive payments from US customers and platforms, run US payrolls as well as for holding companies to receive US investor funds.

Certificate of Incorporation

Incorporating offers liability protection, potential tax savings and other benefits. Most common forms are Delaware LLC or C-corp. Various locations in the US allow businesses to incorporate quickly, easily and cost effectively through a law firm.

EIN – US Company Tax ID

All non-US entities need a W-8 form. There are however no requirements for a US Social Security Number (SSN) or Income Tax Identification Number (ITIN).

Photo ID

All beneficial owners (owning 25% or more of the company) and signers must have a valid government issued ID (e.g. a valid passport or driver's license).

Proof of Address

Valid driver's license or lease/rental agreement or utility bill – All customers applying for debit / credit cards must also provide a valid EIN and US-based address.
